

Hangingbag pilot-seat

Pilot seat bag with compartments for storing various small materials and clothing.

Can be **individually tailored** to different helicopter seat types.

The hanging bags are available in different designs, closure systems, colour combinations and bag sizes.

The bag is simply put over the headboard of the seat and fastened to the seat floor with straps, so it can be easily installed between different helicopters.

In the lower third of the bag is a strap with a **COBRA® buckle** made of 100% polymer plastic for fastening backpacks or bags.
